We vote!

On September 26, 2021 elections of the 20th German Bundestag will take place. More than 190.000 citizens live in the Freiburg city area who are of legal age on election Sunday and have been registered in Freiburg for more than 3 months. **But:** 33.354 citizens of the city of Freiburg are not allowed to vote because they do not have German citizenship and are therefore not eligible to vote. In addition to the official Freiburg constituency 281, on September 26th, Freiburg citizens with foreign citizenships will be able to cast their vote in the symbolic election organized by Freiburger Wahlkreis 100%.

Anyone who lives in Freiburg is directly affected by public transportation prices, decisions about day care or about housing construction in the city – regardless of whether you were born in Freiburg, Hamburg, Madrid, Ankara or Duala. **Thus, no matter your place of birth and passport**, all citizens of a city of legal age should equally be allowed to vote for their joint municipal parliament. This opinion is shared by the **Freiburg Migrant Advisory Board**, the **City council** and the **mayor** of Freiburg.

The municipal electoral law can currently only be resolved by a 2/3 majority in the Bundestag and Bundesrat.

The right to vote is a basic principle of a democratic state system. The right to vote for foreign citizens promotes integration and is an expression of social and political equality. In 14 out of 27 EU countries this has already been implemented.

We kindly ask you to visit one of our **100%-polling stations** during your Sunday walk on September 26th 2021. There you can symbolically elect the parties and members of the Bundestag in Berlin on a ballot paper. Voting takes place from 10 am to 5 pm.

German citizens are invited to vote on a decision of the EU parliament (2003), according to which „foreigners are to be given the right to vote in local elections as well as in elections of the European parliament“.
